

# Aqoon yahannadu wixii ay ka yidhaah -deen buugga iyo Abwaan Gaarriye

Waa buuggii u horreeyey ee si cilmiyeysan looga qoro mahadhadii iyo wax-qabadkii Maxamed Xaashi Dhamac “Gaarriye”. Waana buuggii u horreeyey ee maansada ku jirta lagu shirrabo qormaha Laaxinire ee loogu talagalay in lagu saxo maansada Soomaaliyeed. Waxa haddaba isweydiin leh: Gaarriye yuu ahaa, buugganna muxuu kaga duwan yahay kuwii Abwaannada kale laga qoray? Weydiimahaasi aqoonyahanno badan baa durba ka warceliyey. Bal dhawr ka mid ah aan soo qaadanno wixii ay ka yidhaahdeen:

"Buuggan la magac baxay Mahadho: Sooyaalkii iyo Waxqabadkii Maxamed Xaashi Dhamac “Gaarriye” ee uu qoray Cabdiraxmaan Faarax “Barwaaqo” wax weyn ayuu ka tari doonaa sidii loo hakin lahaa khatarta ku soo socota afka Soo-maaliga. Markii aan akhriyey miisaanka suugaanta ee “Gaarriye” iyo gabaya-diisa, iyo faahfaahinta qoraha buugga, waxaaba markii ugu horraysay igu soo dhacday in aan baran karo sida loo gabyo oo aan weliba gabayaa noqon karo. Waxa aan filayaa in akhristayaasha buuggani ay iiga markhaatiniqi doonaan dareenkaas. Aad baan ugu mahadinayaa Cabdiraxmaan “Barwaaqo” qoridda buuggan faa’iidada badan leh.

“Buuggani waa mid si yaab leh u weydaartay hab dhigaalkii iyo sargooyadii looga bartay buugaagtii hore. Wuxuu ka baydhay qaabkii buugga u qoon daynaysey inuu ku habboo-naado qaamuus ahaan ama si raadraaceed uun loogu adeegsanlahaa. Waa buug furaya irrid cusub oo fursad kuu siinaya in aad si cilmiyeysan u barankarto maansooyinka Gaarriye iyo kuwa kaleba. Qaabkan lafoguridda maansadu waa arrin hor leh, waana qaab doodeed habaysan. Waannu ku hanbalyeynaynaa Barwaaqo u heellanaanta dayactirka af Soomaaliga iyo qorista buugganba.”

“Maxammad Xaashi Dhamac (Gaarriye) has the unique distinction in Somali literature of being both a poet and a scholar, which is a blessing for Somali literature. But it poses a challenge for anyone who tries to do justice to Gaarriye’s works because that person is required to be able to handle both Gaarriye’s poetry and scholarly output. In his insightful and multi-layered book “Mahadho: Sooyaalkii iyo Waxqabadkii Maxamed Xaashi Dhamac” Mr.

Barwaaqo has met the challenge. This book is an excellent introduction to Gaarriye's poetics. It is illuminating and a pleasure to read."

"Buuggan horteenna yaalla ee uu qoray Guri-barwaaqo; Mahadhadii iyo waxqabad-kii Gaarriye, waa buug ka duwan buugaag badan oo aan akhriyay. Wuu ka culusyahay oo ka miisaan badanyahay suugaan meel ku urursan. Aqoon iyo ilbaxnimo Soomaaliyeed ayuu ibo-furayaa. Inta suugaanta ku jirta lagu madadaalloonayo na, waxaa ka badan inta wax laga baranayo. Qoraha iyo Abwaanka na, mid waliba kaalintii ku aaddanayd wuu gutay."

"Buuggani waxa uu ifka soo dhigey cilmi baadhis gun dheer oo laga dheehan karo aqoon iyo waayo-aragnimo fac weyn. Beegga fahan ee akhristaha ayuu qoraha buuggu u soo gudbiyey waxtar weyn oo mustaqbalka laga faa'iideysan karo iyada oo lagu badhitaari doono cilmibaadhiso hor leh. Waxa kale oo buugga ku duugan dhisme afeed iyo nuxur ku salaysan farshaxannimo raan-dhiis leh. Qoraha buugganina, runtii, waa qofkii ugu mudnaa ee soo bandhigi lahaa aqoontii iyo mahadhooyinkii abwaankeennii weynaa ee Maxamed Xaashi Dhamac 'Gaarriye'."

"Maxamed Xaashi Dhamac 'Gaarriye' was a poet, a scholar and a teacher who excelled and was a pioneer in all these areas. Despite this he didn't actually publish much other than his poems and his early work on metre. In this book Cabdiraxmaan Cabdillaahi Faarax 'Guri Barwaaqo' has brought together all these aspects allowing us to learn more of Gaarriye's insight. Poems are presented, some with English translations; his work on metre is present for all to see what he brought to that field; and his teaching of literature is present in an important chapter that draws on the way he taught and spoke about literary criticism. This book is essential reading for all interested in Somali literature and culture generally."
